portolio.ilmkiudaan.com

Mozang, Lahore

Profile Summary

A Front-End Developer with 1 year of experience at Soft Solution, where I worked with HTML, CSS, JavaScript, and Bootstrap to build responsive and clean user interfaces. I also have experience with React and Tailwind CSS for creating modern, optimized, and smooth-performing websites.

I also have 2 years of experience in WordPress development, including Elementor, theme customization, plugins, WooCommerce, ACF, hosting, migration, and troubleshooting.

Work Experience

Front-End Developer — Soft Solution

November 2024 - Present

- Creating responsive UI using HTML, CSS, JavaScript & Bootstrap
- Worked on ilmkiudunya.com, studyabroad.pk, and numerous other projects
- Improving existing interfaces and implementing modern, browser-compatible layouts

Front-End Developer (Internship) — Soft Solution

August 2024 - November 2024

- Assisted senior developers in creating responsive web interfaces with HTML, CSS, and JS.
- Built mobile-friendly layouts using Bootstrap for seamless cross-browser experience.
- Helped debug and optimize website functionality.

WordPress Developer — Datalink Solution (Freelancing)

2023- 2024

- Elementor-based advanced website development
- WordPress Theme Customization & Plugin configuration
- WooCommerce setup, hosting management, and migration
- Troubleshooting layout, plugin, and server-related issues
- Creating dynamic websites using ACF
